

STRONGER TOOL

TB-Y-350

Compact Steel Toolbox

USER GUIDE

A compact powder-coated steel toolbox for organising and transporting hand tools, fasteners and small workshop equipment.

Quick specifications

Overall size	360 x 150 x 110 mm
Approx. weight	1.5 kg
Material	Powder-coated steel
Handle	Brown leather-wrapped carry handle
Closure	Front latch with padlock provision

Supplied fully assembled
No assembly is required. Inspect the handle, hinges and latch before first use.

Safe use and carrying

Before every use

- Inspect the body, lid, hinges, handle mounts and latch for damage or looseness.
- Place the toolbox on a stable surface before opening it.
- Check that sharp tools have guards or protective covers.
- Keep fingers clear of the lid edge, hinges and latch mechanism.

Packing tools

- Place heavier tools low and near the centre.
- Distribute contents evenly and prevent loose tools from striking the lid.
- Do not force the lid closed over an oversized tool.
- Do not carry liquids, hot items, batteries with exposed terminals or leaking chemicals.

Carrying

- Close the lid and engage the latch before lifting.
- Lift only by the carry handle and keep the toolbox upright.
- Do not swing, throw or lift the toolbox by the latch or lid edge.
- Use two hands if the packed toolbox feels unbalanced or difficult to control.

Opening and closing

- Release any padlock before operating the latch.
- Support the lid while opening and closing it.
- Confirm the lid edges are aligned before engaging the latch.
- Keep the toolbox closed when it is unattended or being transported.

Never sit, stand or climb on the toolbox
The TB-Y-350 is portable storage, not a step, seat, lifting device or support platform.

Care and troubleshooting

Steel body and latch

- Empty loose debris and wipe painted steel with a soft damp cloth.
- Use mild detergent for heavier dirt, then dry thoroughly.
- Keep the hinge and latch free of grit, metal swarf and adhesive residue.
- Touch up exposed steel promptly to reduce corrosion.

Leather handle

- Wipe the leather wrap with a dry or barely damp cloth.
- Allow it to air-dry away from direct heat and sunlight.
- Do not soak the leather or use solvents, bleach or abrasive cleaners.
- Inspect the wrap and handle mounts before carrying a loaded toolbox.

Troubleshooting

Issue	Check and action
Latch will not close	Remove obstructions and align the lid before engaging the latch.
Lid sits unevenly	Empty the toolbox and inspect the hinge, rim and contents for interference.
Hinge feels stiff	Remove debris. Do not force or bend the lid.
Handle feels loose	Stop carrying the toolbox and contact Customer Support.
Coating is damaged	Clean and dry the area, then touch up exposed steel.

Remove damaged equipment from service
Do not carry the toolbox if the handle, hinge, latch or body is cracked, loose or distorted.

Warranty and support

Coverage

The TB-Y-350 includes a 5-year automatic structural warranty. Register within 30 days of purchase to extend eligible structural coverage to 10 years.

The warranty applies to

- Eligible defects in materials or workmanship under normal use
- The original purchaser with proof of purchase
- Products used for appropriate hand-tool storage and transport

The warranty does not cover

- Overloading, impact, misuse, neglect or unauthorised modification
- Normal wear to the finish, latch, hinge or leather handle wrap
- Corrosion caused by improper storage, liquids or chemical exposure

Making a claim

Stop using the product and contact Customer Support with proof of purchase, the model number and clear photographs of the issue.
